

President Bush. Thank you, Mr. President. Thank you for coming.

President Museveni. Thank you.

NOTE: The President spoke at 3:20 p.m. in the Oval Office at the White House. A tape was not available for verification of the content of these remarks.

Statement on the Death of Don Regan

June 10, 2003

Laura and I are saddened by the death of Don Regan. He leaves behind a lifetime of service and achievement, in both the private and public sector. He served his country with distinction. Don was a devoted husband, father, and grandfather and will be sorely missed. We send our deepest sympathies to Ann and the entire Regan family.

Notice—Continuation of the National Emergency With Respect to the Risk of Nuclear Proliferation Created by the Accumulation of Weapons-Usable Fissile Material in the Territory of the Russian Federation

June 10, 2003

On June 21, 2000, the President issued Executive Order 13159 (the “Order”) blocking property and interests in property of the Government of the Russian Federation that are in the United States, that hereafter come within the United States, or that are or hereinafter come within the possession or control of United States persons that are directly related to the implementation of the Agreement Between the Government of the United States of America and the Government of the Russian Federation Concerning the Disposition of Highly Enriched Uranium Extracted from Nuclear Weapons, dated February 18, 1993, and related contracts and agreements (collectively, the “HEU Agreements”). The HEU Agreements allow for the downblending of highly enriched uranium derived from nuclear weapons to low enriched uranium for peaceful commercial pur-

poses. The Order invoked the authority, *inter alia*, of the International Emergency Economic Powers Act, 50 U.S.C. 1701 *et seq.*, and declared a national emergency to deal with the unusual and extraordinary threat to the national security and foreign policy of the United States posed by the risk of nuclear proliferation created by the accumulation of a large volume of weapons-usable fissile material in the territory of the Russian Federation.

A major national security goal of the United States is to ensure that fissile material removed from Russian nuclear weapons pursuant to various arms control and disarmament agreements is dedicated to peaceful uses (such as downblended to low enriched uranium for peaceful commercial uses), subject to transparency measures, and protected from diversion to activities of proliferation concern. Pursuant to the HEU Agreements, weapons-grade uranium extracted from Russian nuclear weapons is converted to low enriched uranium for use as fuel in commercial nuclear reactors. The Order blocks and protects from attachment, judgment, decree, lien, execution, garnishment, or other judicial process the property and interests in property of the Government of the Russian Federation that are directly related to the implementation of the HEU Agreements and that are in the United States, that hereafter come within the United States, or that are or hereafter come within the possession or control of United States persons.

The national emergency declared on June 21, 2000, must continue beyond June 21, 2003, to provide continued protection from attachment, judgment, decree, lien, execution, garnishment, or other judicial process for the property and interests in property of the Government of the Russian Federation that are directly related to the implementation of the HEU Agreements and subject to U.S. jurisdiction. Therefore, in accordance with section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)), I am continuing for 1 year the national emergency with respect to weapons-usable fissile material in the territory of the Russian Federation.
